

Commercial Grade Stainless Steel Airpots

Hormel offers the highest quality airpots. All airpots feature a durable stainless steel body, ABS plastic parts, and heat retention of 12+ hours! Available in various finishes, sizes and styles.

We now also feature airpots with unbreakable stainless steel vacuum liners, with no glass parts!

We carry replacement parts for all of our airpots, including pump tubes, bellows, liners, gaskets & more.

All airpots are also available with an orange decaf push button. Add the letter 'D' to any model for decaf.

Vacuum glass lined airpot, with built-in pumping system. No need to remove pump tube to fill. Available in 3.0L or 2.2L capacities.
